FTTX(DROP) CLAMP
FTTX BRACKETS

FTTx or drop wire clamps and brackets were developed to anchor or suspense the telephone drop wire, FTTx, FTTH fat or round cables on dead-end or intermediate routes during last mile line network installaton. Also called FTTH-CLAMPs, applied in FTTx network constructon.

FTTX CLAMPS FOR FLAT, FIGURE-I TYPE CABLES WITH STEEL OR FRP MESSENGERS

Product information

FTTx cable clamps applied on fat type cables of different sizes. Tension strength achieved by excentral layout of cable in the clamp. Open or closed wire bails provide an easier installation.

Technical specification:

Product code		Wire, mm	MBL, kN	Materials
FT-5B		Ø 0.4 – 1.5	1	UV resistant plastic, stainless steel
FT-SO-C FT-SO-A		Ø 0.4 – 1.5	0.5	UV resistant plastic, stainless steel
FT-SS		Ø 0.4 – 1.5	2	UV resistant plastic, stainless steel
FT-C01		Ø 2 – 5	1	Galvinized steel, aluminium

BRACKETS FOR FTTX CABLE CLAMPS

Product information

Aerial drop wire clamps atached to the building, strand or poles by special anchoring bracket, drive hooks, pole brackets, SS hooks and various drops atachments.

Brackets can be easily atached to the building, strand or poles with special screws, bolts or stainless steel band with the buckles. Materials, as well as coatng can be adjusted according to your needs.

Technical specification:

Product code		MBL, kN	Materials
FT-BK-01		1.5	Galvinized steel
FT-BK-02		1	Galvinized steel
FT-BK-03		1	Galvinized steel
FT-BK-04		1.5	Galvinized steel
FT-BK-05		2	Galvinized steel
FT-BK-06		2	Aluminium

FTTX(DROP) CLAMP & BRACKETS

FTTX CLAMPS FOR FLAT-TYPE CABLES

Product informaton

FTTx cable clamps applied on fat cables of diferent sizes. Tension strength achieved by wedges and conical body of clamp. Open or closed wire bails providean easier installaton.

Technical specification:

Product code		Wire, mm	MBL, kN	Materials
FT-ODWAC-HP		<4 × <8	1	UV resistant plastic,
FT-ODWAC-15		<5 × <12	0.7	stainless steel
FT-ODWAC-22		<6 × <13	1.2	stainless steel
FT-ODWAC-22P		<6 × <13	1	UV resistant plastic, stainless steel
FT-ODWAC-22S		<6 × <13	0.5	stainless steel
FT-ODWAC-26		<6 × <16	2	stainless steel

FTTX(DROP) CLAMP & BRACKETS

FTTX CLAMPS FOR ROUND AND FLAT-TYPE CABLES

Product informaton

FTTx cable clamps applied on round and fat type cables of diferent sizes.Tension strength achieved by excentral layout of cable in the clamp or wedges. Radius of excentrals is enough for the optcal signal to work properly, without losses. Open or closed wire bails provide an easier installaton.

Technical specification:

Product code		Wire, mm	MBL, kN	Materials
FT-FISH-1		Ø 2 – 3, 2 × 3	0.5	UV resistant plastic, stainless steel
FT-ACC		Ø 2 – 6	1	UV resistant plastic
FT-D2		Ø 2 – 5, 2 × (3 – 5)	0.5	UV resistant plastic, galvinized steel
FT-H15		Ø 2 – 4, 2 × (5 – 8)	0.5	UV resistant plastic, galvinized steel
FT-D6		Ø 4 – 8	0.5	UV resistant plastic
FT-DC-35		Ø 2 – 5, 2 × (3 – 5)	0.1	UV resistant plastic

Other clamp and accessories
